EPA Meeting Request Sierra 080614.pdf
ALA letter to EPA re Eliot Maine 1 .pdf

I have been invited to this meeting. Let's discuss the most recent schedules for Schiller, Mt. Tom and Merrimack before then. I understand Mt. Tom is not operating. Have they expressed any interest in terminating their operations and IP for a MSGP?

FYI .. we have scheduled this meeting for 2 p.m. on September 3rd. Please note the other issues beyond the Eliot 126 petition – so other oep staff would need to be there.

Also – if you can let OAQPS and OGC know about the meeting that would be great.

Call in #: 866-299-3188 password 6179181101

Thanks ng

Nancy –

Any meeting with Sierra Club that specifically focuses on the Eliot 126 petition should involve appropriate staff from both OAQPS and OGC. HQ is the lead on the petition, and is working to set up a briefing with Tom Powers in the next couple of weeks. We won't have any insight on the timeline for acting on the petition until after the Tom Power briefing, and I would suggest we hold off setting up a meeting with Sierra Club on this topic until after the internal briefing with Tom.

Boston, MA 02109-3912

Dear Administrator Spalding,

We are writing to request a meeting with you and your staff at your earliest opportunity to discuss the pending Section 126 Petition before the agency as filed by the town of Elliot, ME.

As you are aware, the Sierra Club is monitoring the progress of the petition closely and we are seeking further clarification regarding timeline and next steps for the petition, as well as more information regarding the monitor that EPA plans to place in Elliot.

Additionally, a meeting will provide an opportunity to follow up on some of the issues discussed in our previous meeting, including the timing for the finalization of the Mt. Tom and Merrimack NPDES permits, and EPA's plans for the Schiller draft NPDES permit.

Please advise of possible dates, and we look forward to meeting.

Very best regards,

James Bryan McCaffrey
